# DIRECTORY THIEVES

OFTEN OPERATE UNDER THE GUISE  
OF BORROWERS

## Please !

Do Not Allow Your  
CITY DIRECTORY  
To Be Taken From Your Office

### IT MAY NEVER COME BACK TO YOU

A Growing Percentage of Directories are Stolen Each Year and It Costs You Money Every Time You Loan It.

The Lending of Directories is responsible in large measure for the increasing cost of Directory Service.

This is due to the following reasons:

There is a fixed labor and material cost which must be met by the publishers in the compilation and printing of the Directory of your City.

This cost must be absorbed by the subscribers — be they one — or be they 5,000.

If there were but **One** Subscriber to the **City Directory** — the **one** subscriber would of necessity have to absorb **The Whole Cost**.

If there were **100** Subscribers — each one would have to absorb **one 100th Part** of the **Whole Cost**.

If there were **1000** Subscribers — each one would have to absorb **one 1000th Part** of the **Whole Cost**.

From which it is obvious that the **Greater** the number of subscribers — the **Lesser** the cost to each.

It is also obvious that the **Lesser** the number of subscribers — the **Greater** the cost to each.

Every time you loan your **City Directory** the **Less** **Necessity** there is for the **Borrower** to **Subscribe** for the **Service**.

**More Borrowers** result in **Fewer Subscribers** which means **Increased Cost**.

CONFERS THE DEGREES OF  
ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE

---

ENDICOTT JUNIOR COLLEGE is fully accredited. It is a member of the American Association of Junior Colleges, is a member of the New England Junior College Council and has the Delta Nu Chapter of Phi Theta Kappa, the national Junior College Honorary Scholastic Society. It is approved by the Massachusetts State Department of Education, by the Massachusetts State Board of Collegiate Authority, by the Legislature of the Commonwealth of Massachusetts and by the Division of Higher Education of the University of the State of New York as well as by Senior Colleges and Universities.

ENDICOTT is a Career Junior College offering both Liberal Arts and Vocational courses for full transfer privileges to the third year of Senior Colleges or for positions. Endicott has no secondary school connected with it. Each of its twelve vocational fields includes one month of internship (work) experience each year in addition to the approved college curriculum. Its guidance program aids the student in finding her chosen field according to her personal needs, interest and ability through Counselling; Auditing of Classes, by way of discovering other career fields of possible interest; Lay Faculty, consisting of vocational executives and by her Internship (work) Periods and Placement.

ENDICOTT JUNIOR COLLEGE is a non-profit institution controlled by a Board of Trustees. It is chartered by the Commonwealth of Massachusetts and has been granted the right by the Massachusetts State Board of Collegiate Authority to confer the degrees of Associate in Arts and Associate in Science.

ENDICOTT is a non-sectarian Christian College. It aims to create an atmosphere that will crystallize in an appreciation of spiritual values. Students are encouraged to attend the church of their preference.

ENDICOTT'S buildings and campus are most unusual. Its 100 acres of shore front and wooded campus overlooking historic Massachusetts Bay is within 20 minutes' walk of the heart of the City of Beverly. It affords all types of sports including skating, tennis, riding, swimming and boating. This and its accessibility to the neighboring men's colleges and universities are important factors in Endicott's social programs.

GAS AND  
ELECTRIC

# SERVICE

. . . *SECOND TO NONE* . . .

*That's our motto —  
and our ideal!*

To serve local industries,  
commercial establish-  
ments, civic institutions,

and the thousands of homes in the Beverly area, with gas and electricity, involves a dual responsibility. Your gas and electric company appreciates its privileges as a public servant. It constantly endeavors to provide services of a high standard . . . to maintain reserves to meet the ever-increasing demands of a growing community — by anticipating future needs and by planning ahead for the requirements of tomorrow. Gas and electricity have contributed much to Beverly's progress in the past. They shall contribute even more to the welfare of its citizens in the future.

# DIRECTORY THIEVES

OFTEN OPERATE UNDER THE GUISE  
OF BORROWERS

## Please !

Do Not Allow Your  
CITY DIRECTORY  
To Be Taken From Your Office

### IT MAY NEVER COME BACK TO YOU

A Growing Percentage of Directories are Stolen Each Year and It Costs You Money Every Time You Loan It.

The Lending of Directories is responsible in large measure for the increasing cost of Directory Service.

This is due to the following reasons:

There is a fixed labor and material cost which must be met by the publishers in the compilation and printing of the Directory of your City.

This cost must be absorbed by the subscribers — be they one — or be they 5,000.

If there were but One Subscriber to the City Directory — the one subscriber would of necessity have to absorb The Whole Cost.

If there were 100 Subscribers — each one would have to absorb one 100th Part of the Whole Cost.

If there were 1000 Subscribers — each one would have to absorb one 1000th Part of the Whole Cost.

From which it is obvious that the Greater the number of subscribers — the Lesser the cost to each.

It is also obvious that the Lesser the number of subscribers — the Greater the cost to each.

Every time you loan your City Directory the Less Necessity there is for the Borrower to Subscribe for the Service.

More Borrowers result in Fewer Subscribers which means Increased Cost.

BEVERLY CITY DIRECTORY, 1946

## PREFACE

The Forty-second volume of the City Directory includes the towns of Manchester and Essex. Names in the towns in the Beverly district are enumerated with the same system and care as the city and are taken in alternate years. The general directory of Beverly contains 65% new or changed matter of which 2056 consists of new names this year. In the street directory of Beverly and the towns a special indicator (⊙) marks property owners—a modern feature, established in 1933, also the locations of telephones are shown by an asterisk (\*).

Separate maps of Hamilton and Essex are included with this volume.

The publishers acknowledge their indebtedness to all who have supplied information and to the advertisers whose patronage assures the city of its annual directory service.

CROWLEY & LUNT.

January, 1946.

### INTRODUCTION

Probably no city in the Commonwealth blends the old and new as well as does Beverly. Founded in 1626, Beverly has handed down to its present generation a worthy heritage of tradition and history. Not until 1900, however, did Beverly begin to show a rapid growth. Since then it has doubled in population. Recent figures place Beverly slightly over the 30,000 population class. It may be truthfully said that Beverly today presents the characteristics of a modern city, while retaining the best from the customs and traditions of the past. Let us briefly enumerate the reasons why Beverly is one of the best cities in our Commonwealth.

# CITY OF BEVERLY

# STREET AND HOUSE DIRECTORY

## 1946

This guide gives the location of the streets, places, parks, squares, etc., and shows what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers, the dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; prov., provisions; rd., road; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc. Houses having erroneous numbers are sometimes enclosed in parenthesis (—).

# *Cost of City Directories*

There is a necessary fixed cost in production of a Directory. The City does not pay for it — the *subscribers* do.

If there were only ONE sponsor he would necessarily bear the whole cost.

If there were 1,000 sponsors each would bear 1/1,000 of the cost.

**MORAL:** To keep directory costs DOWN and directory service UP, do your share. Don't be a Borrower — Be Fair.

Merchants referred to as "Borrowers" of the Directory unthinkingly injure themselves in the public estimation. *Someone else has to pay for it for them.*

is Good Enough to Advertise in.*

Advertising clubs and all successful advertising merchants agree that the most valuable asset in any form of advertising is . . . .

## Build-Up Advertising

Thus, by building up public knowledge of the name and, of course, keeping the public confidence in the goods sold, progress is made surely and business increases.

As an example, any large metropolitan store will admit that the hundreds of thousands spent in advertising are largely assets for the NAME OF THE STORE, as no single advertisement ever returns one tenth the cost of insertion in a large newspaper, in sales which can be checked up from that particular advertisement.

DIRECTORY ADVERTISING is rated on the list of best available media for local name advertising. Its small cost, plus the value of the enumerated names, gives it hearty support.

---

## A DIRECTORY

has a large potential "consultant use,"  
easily proven to be

OVER A MILLION READERS A YEAR

ON A BASIS OF EACH 1000 BOOKS  
IN A DISTRICT

Consider the effect of this as NAME ADVERTISING, and do not forget that the book is commonly almost the first thing seen by newcomers in a district, who need facts and information.

**BUSINESS DIRECTORY**

**1 9 4 6**

(For Manchester and Essex Business Directory See Back of Book)

Beverly, clean, healthful city on the North Shore, cooled in summer and tempered in winter by the seven miles of Atlantic shore line, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. With a valuation of nearly \$50,000,000, the manufacturing industries comprise machinery, shoes, oils, oiled clothing, chemicals, from foundries, leather goods, mattresses, planing mills, grain elevators, electric works, etc.

The United Shoe Machinery Corporation occupying one of the largest reinforced concrete factory plants in the world and employing 5,000 expert mechanics, pays a wage of over one and one-half millions per year. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1945, estimated above 32,000. Eighteen miles from Boston on the Boston & Maine Railroad. Eastern Mass. bus connections to all nearby points. Superior harbor. Three banks. Daily newspaper. Superior fire department. Good sewers. Superlighted streets. First-class public schools. Good hotels and theatres. Public school playgrounds costing over \$50,000. Modern bath house at Oceanside Park.

NOTE:—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons, when extra insertions are sometimes made.

## *OF COURSE* **ADVERTISING COSTS MONEY**

---

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchant's place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

# Street and House Directory

## 1946

Giving the location of the streets, places, parks, etc., and showing what other streets and places run from them or across them, with the point at which they intersect.

The cipher (0) is used to designate houses or buildings without numbers, showing the names of heads of families and persons in business in the order of location. The dash (—) is used to show where connecting streets and avenues cross or intersect, and also to designate railroad crossings, bridges, parks, etc.

When there is more than one family in a house, the down-stairs name is usually given first.

Abbreviations: Ave., avenue; byd., beyond; groc., groceries; jct., junction; n., near; opp., opposite; r., rear; rep., repairing; smr., summer; s. r., summer resident; var., variety; etc., etc.

\* Indicates telephones.

⊙ Property ownership (recorded on village property only, not on country roads).
